HARD SKILLS

- HTML, CSS, SASS
- JAVASCRIPT, TYPESCRIPT
- REACT, REDUX
- FIGMA, WIREFRAME
- GIT
- TESTING, DEBUGGING
- RESPONSIVE APPS
- NODE JS

LANGUAGES

English ●●●●●●●●

French ●●●●●●●●

Chinese ●●●●●●●●

SOFT SKILLS

- Time Management
- Problem solving
- Teamwork
- Critical Thinking
- Adaptability

PROFESSIONAL PROFILE

I am a self-motivated professional with a strong capacity for finding solutions, something I have learned through more than a decade of international life, first in China, then in the United States. The drive that led me to gain functional or native fluency in Chinese and English has also let me to pursue coding languages with the same passion. Put simply: I love communication and problem-solving in all its forms, whether that means with other people, or as a bridge between people and their technology. I am looking for a work environment that will challenge me in both ways.

EDUCATION

Bachelor in React JS Front-End Web Development

OPENCLASSROOMS (2021- Octobre 2022)

Responsive Web Design

JavaScript Algorithms and Data Structures

CERTIFICATS FREECODECAMP (2021- 2022)

M.A French Literature

University of Oregon (2014- 2016)

Bachelor English History and Literature, Chinese

University of Malta (2009- 2010)

EXPERIENCE AND PROJECTS

React Data Table Component Library

This React Component library was compiled with Vite and fully tested and documented before being published on NPM. It includes: pagination, filtering and sorting of data. It is very customizable: you can choose to include or remove indexing and title, you can change between the dark or light theme and also have the possibility to select/unselect rows.

Health Wealth

This is a CRA app getting data from a form, storing it globally with Redux and displaying it with my data table package.

French Language Instructor, University of Oregon, Eugene OREGON 2014-2016

Administrative Support Specialist, Lane Community College, Eugene OREGON 2017-2020
